

Create an HTC Android Bookmark

This training guide demonstrates how to create a bookmark on an HTC Android device.

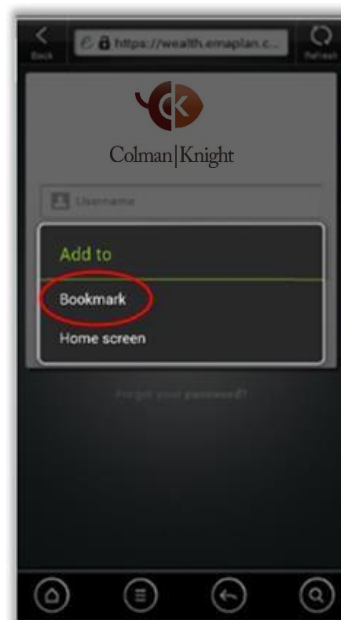

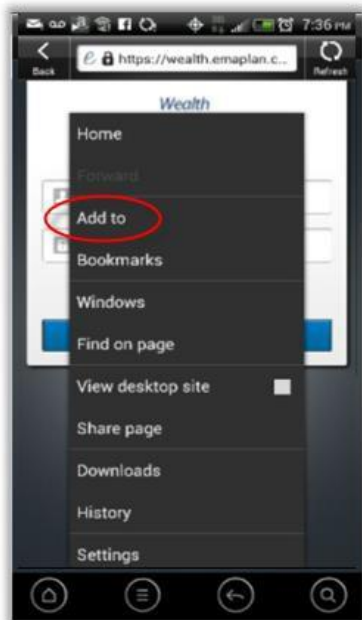

1. Open a browser on your HTC Android device.
2. Type in the URL log on address.

Your website URL:

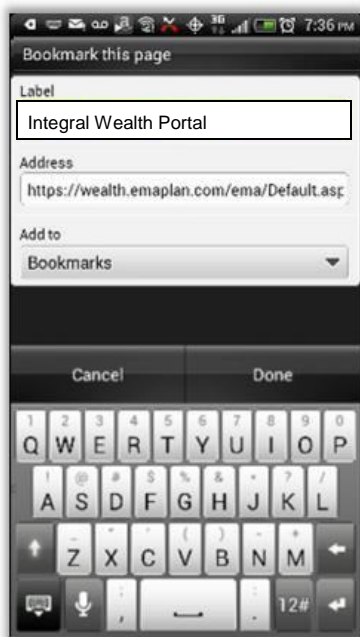

<https://wealth.emaplan.com/ema/ria/colmanknightadvisorygrp>

3. While viewing the webpage, press at the bottom of the screen, and then tap **Add to > Bookmark**.

Create an HTC Android Bookmark

4. Edit the bookmark name if needed, and then tap **Done**.

5. Press  at the bottom of the screen again, and then tap **Add to > Home Screen**.

6. The icon should now appear on the Home Screen.
